Your career deserves Medical Protection

With over 65 years' experience protecting medical professionals in Hong Kong, we have the expertise, stability, and financial resilience to be here for you, even in the most uncertain times.

The experts, experts rely on

We have a dedicated expert legal team, including clinical negligence solicitors, medicolegal consultants, and professional case and claims managers, supported by local panel lawyers.

Protection that doesn't retire

The challenges you face as a medical professional are constantly changing. That's why Medical Protection membership is so important. We'll be by your side, ready to help at every stage of your career, from starting out as a student, right through to retirement and beyond.

Priced for your protection, never for our profit

As a member-owned, not-for-profit organisation, we exist purely to support your professional interests and protect your finances, career, and reputation from legal claims and complaints.

Protection that adapts to your career

Our discretionary approach to providing assistance isn't about being able to say 'no'. It's about having the freedom to ask, 'How can we help?'.
